FROM NOW UNTIL THAT TIME  
CONTESTANTS WILL HUSTLE.  
PROMINENT MEN TO MAKE  
FINAL COUNT.

On the evening of Monday, April 5th, the Gazette-News Panama-Pacific Exposition contest will close and on that evening the count will determine the two young ladies who will travel across the continent to California as the guests of the Gazette-News company. During the past week Miss Margaret Brokaw made phenomenal gains, as did Miss Elizabeth Uhlen, of the Daytona contestants. Miss Hazel Myers and Miss Winona Lapp both passed the three million mark this week. Other contestants made big gains, but from now contestants will undoubtedly show unusual activity as many were waiting for the announcement of the closing date before starting to work in earnest. Contestants should get their friends to subscribe for the Gazette-News, and procure from customers of the various merchants affiliated with the Gazette-News company in the contest the votes given with cash purchases and also given on all accounts of the previous month paid not later than the 10th of the present month.

## PRESIDENT STARTS SEARCHING INVESTIGATION OF SINKING OF AMERICAN SHIP BY GERMAN CRUISER

### Warships Rushing to Va. Coast; U.S. Probing Loss of William Frye

NEWPORT NEWS, VA., MARCH 11.—WHILE WIRELESS DISPATCHES REPORTED EIGHT FRENCH AND BRITISH CRUISERS RUSHING TOWARD THE VIRGINIA COAST TO LIE IN WAIT FOR THE GERMAN AUXILIARY CRUISER, PRINZ EITEL FREDERICH, THE UNITED STATES TODAY BEGAN A FORMAL INVESTIGATION OF THE SINKING OF THE AMERICAN BARQUE, WILLIAM FRYE. THAT THE GERMAN EMBASSY AT WASHINGTON REGARDS THE INQUIRY AS BEING OF THE UTMOST IMPORTANCE WAS SHOWN BY ITS ACTION IN SENDING HERE CAPTAIN BOY-ED, THE EMBASSY'S NAVAL ATTACHE.

WASHINGTON, MARCH 11.—A MOST SEARCHING INVESTIGATION IS TO BE MADE OF THE CIRCUMSTANCES ATTENDING THE SINKING OF THE WILLIAM FRYE, AND WHATEVER SUBSEQUENT STEPS ARE TAKEN WILL BE BASED UPON THE RESULTS OF THE "INVESTIGATION." PRESIDENT WILSON ISSUED THIS STATEMENT TODAY REGARDING THE LOSS OF THE AMERICAN SAILING SHIP BY THE GERMAN CRUISER, PRINZ EITEL FREDERICH. THE PRESIDENT TOOK THE INITIATIVE BY DIRECTING THE INVESTIGATION, AND WILL HAVE A PERSONAL HAND IN IT.

H. H. KIEHNE, OF BALTIMORE, WAS THE MASTER OF THE AMERICAN SHIP, AND AFTER LEAVING THE EITEL FREDERICH YESTERDAY TOLD A DRAMATIC STORY OF HIS EXPERIENCES. WITH HIM WERE HIS WIFE AND TWO CHILDREN.

"DESPITE MY PROTESTATIONS THAT I WAS THE AMERICAN MASTER OF AN AMERICAN SHIP THE GERMAN CRUISER EITEL FREDERICH SANK THE WILLIAM P. FRYE ON THE MORNING OF JANUARY 28TH, BLOWING A HOLE THROUGH HER WITH A CHARGE OF DYNAMITE," SAID CAPTAIN KIEHNE.

"THE FRYE WAS ALMOST BECALMED WHEN THE GERMAN SHIP APPEARED ABOUT 2:00 O'CLOCK IN THE AFTERNOON OF JANUARY 27TH. MY SHIP WAS BARELY MOVING AND I PAID NO ATTENTION TO THE FIRST ORDER TO LAY TO. HOWEVER, SHE BORE DOWN ON ME AND I BROUGHT MY CRAFT TO A STANDSTILL. AFTER LEARNING THAT I CARRIED A CARGO OF WHEAT THE GERMAN CAPTAIN TOLD ME IT WAS CONTRABAND AND HE INTENDED TO DESTROY IT. I PROTESTED BUT NO ATTENTION WAS PAID TO MY STATEMENTS."

NEWPORT NEWS, MARCH 11.—THE CAPTAIN OF THE PRINZ EITEL FREDERICH HAS BEEN ORDERED TO LEAVE THIS PORT WITHIN 24 HOURS OR SHOW CAUSE WHY NECESSARY REPAIRS WILL KEEP HIM LONGER.

## MORE TURKISH DEFENSE GUNS HAMMERED OUT OF ACTION BY OFFENDERS

LONDON, MARCH 11.—THE SILENCING OF MORE TURKISH GUNS ON THE ASIATIC SIDE OF THE NARROWS IN THE DARDANELLES BY THE ALLIED FLEET WAS ANNOUNCED IN DISPATCHES RECEIVED FROM ATHENS TODAY. THE MESSAGES STATED ALSO THAT HIDDEN BATTERIES BETWEEN KAPHEZ AND CHANAK WERE PUT OUT OF COMMISSION BY PROJECTILES FIRED FROM HEAVY GUNS ON THE WARSHIPS. AVIATORS WHO MADE AN AERIAL RECONNOISSANCE OVER THE WATERWAY REPORTED THAT A BIG FLEET OF TRANSPORTS PASSED THROUGH THE SEA OF MARMORA, MAKING IT APPARENT THAT THE TURKISH ARMY IS BEING RE-ENFORCED.

ADVICES FROM SALONIKA MAKE NO MENTION OF THE PRESENCE OF ITALIAN WARSHIPS IN THE AEGEAN SEA.

INFORMATION THAT THE FORTS' FIRE IS WEAKENING ALONG THE NARROWS IS TAKEN AS AN INDICATION THAT THE TURKS ARE RUNNING SHORT OF AMMUNITION AND ARE CONSERVING THEIR FIRE.

### BRITISH CLAIM GAINS IN FLANDERS.

LONDON, March 11.—Material advances for the British and the destruction of Court Raimen railway junction in West Flanders are announced by the war office.

### BELIEVE GERMANS WILL HAVE TO RETIRE.

PARIS, March 11.—British forces stationed in France, north of La Bassee, are striking hard at the Germans defending the Lille railway line, and it is predicted by military experts that the Germans will soon be compelled to retire from that district.

## ELKS' SHOW, BIGGEST EVER, NOW READY FOR TOMORROW EVENING

SEVERAL MEMBERS BROOKLYN  
SUPERBAS TO APPEAR—QUALITY  
FOUR AGAIN IN CHARGE  
OF THE MUSIC.

When the curtain goes up on the performance of the Elks minstrels at the New Daytona theater tomorrow evening a number of new faces will be in evidence among those taking part in the big event of the season. A number of Elks, members of the Brooklyn baseball team, have signified their willingness to take part, and they will be there strong. A brand new musical program has been arranged for this production, and the music will be in charge of the Quality Four, which organization handled the music for the first Elks' minstrel show in such good style.

The Brooklyn boys will do their share, though just exactly what they will do has not yet been decided. Other new sketches have been arranged for the olio. A comedy sketch with music, will close the performance, while several good numbers have been arranged to lead off the after part. Sheffel Wright will be on hand with his monologue, funnier than ever. Alfred Donnelly will contribute the musical number of the afterpiece in the way of several violin selections. This is a pleasing announcement that the management is happy to make.

Another number of the olio will be an eccentric dance and song specialty by Leon D. Brooks, who made so big a hit in the first Elks' show. The show will finish a little different from any local show ever concluded, and this will add a great deal to the novelty of the entertainment.

## E. L. SHEAR NEAR VICTIM OF MANIAC

FORMER RESIDENT OF DAYTONA  
WAS BESIDE MAN SHOT DOWN  
BY MADMAN IN BRUNSWICK,  
GEORGIA, LAST WEEK.

The running amuck in Brunswick, Ga., last Saturday of Monroe Phillips, said to have been insane, has a local interest through the fact that E. L. Shear, formerly of Daytona and a son-in-law of Mr. and Mrs. A. Winne, of Fairview avenue, was closely associated with the tragedy, being side by side with one of the madman's victims when he was shot down. Mrs. Shear wrote at once to her parents of Mr. Shear's narrow escape, and in a later letter states that Phillips' victims number six killed and 21 wounded, with three of the latter not expected to recover. The wholesale shooting made it necessary to call on outside medical aid and nurses and has cast a pall of gloom over Brunswick.

With an annual output of 98,000,000 barrels, California now leads all other states in the production of petroleum. Next in the order named come Oklahoma, Illinois, Texas, Louisiana, West Virginia, Ohio, Pennsylvania, Wyoming, Kansas and Indiana.

## CLEFT BY AIR DART

Man Transfixed by a Shot From Teuton Aviator.

Steel Arrow Goes From Head to Foot. Killing Man Instantly—Dogs Scurry for Shelter When They Hear Cannon.

By A. R. DECKER.

Correspondent of the Chicago News. Pont-a-Mousson, France.—Beautifully clear and crisp winter weather brought out the French and German aviators today. The first to appear was a German air craft from Metz. It was a brand new biplane with broad spreading wings and shining armor.

The big yellow bird flew nearly overhead and dropped something which gleamed white for an instant and then disappeared from view. I waited tensely for the explosion, which failed to come. The aviator departed in the direction of Ste. Genevieve. Afterward I learned that he had dropped a card with a message that the kaiser sent salutations to Pont-a-Mousson on his birthday and that later he would endeavor to send more substantial greetings in the form of shells.

The aviator of the kaiser kept his word. This afternoon the German battery in the quarry at Norroy bombarded the town and shells fell near the railroad station, on the boulevard and at the gas works.

When the first shell raced in, leaving a trail of high pitched noise, I was standing at the corner of the main cross street where some dogs were prowling about. The first dull boom of the cannon sent them running like mad into a neighboring hallway. Most of the people also sought shelter until the storm of flying steel had passed.

Heavy cannonading was heard in the east, along the Sella river, all the afternoon, and, to follow it more closely, I walked up and down the bank of the Moselle from the sentinel at one end of the town to the sentinel at the other end, who mark the limits of my liberty. Suddenly I heard a purring noise coming from a northerly direction and, looking up, I saw coming swiftly toward me a German aeroplane, which might have been the same that came earlier in the day. I watched it with my glasses, and as he had done in the morning the aviator now dropped something which gleamed for an instant in the sunshine before it was lost to view.

Later I learned the object the flyer had dropped was a steel arrow which transfixed a man from head to foot, killing him instantly. The victim was a civilian. He was the twenty-first killed in Pont-a-Mousson by German and French aeroplanes, shells and stray bullets.

### SNAKE STORY SEASON IS ON

Here is One of Rattling Tales From Wyoming That Makes Most Promising Beginning.

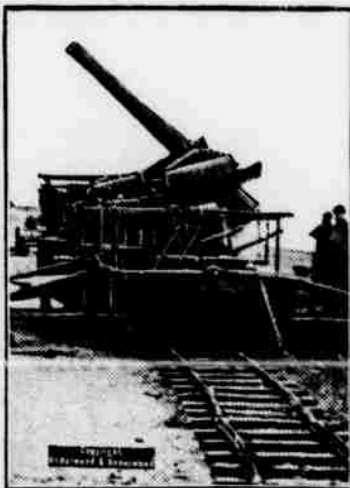

Newcastle, Wyo.—Lloyd and Dwight Nichols had an exceptional experience the other night. They had gone out to Lloyd's ranch to spend the night, and when they reached there Lloyd jumped out of the wagon and a rattlesnake began rattling. He lit a match and killed the snake.

Just as he got to the door he found another snake lying on the door sill, and killed it before going in. When he opened the door he found another one just inside of the door, and when he went to get the lantern that was on the shelf he found another rattler on the shelf.

By this time he thought it would be a good idea to take a look and see if it was safe to stay there that night. He went over to his bed and pulled back the covers and found a snake much larger than the rest he had killed, so he told Dwight that he believed it a good move to adjourn from that snake den.

They left the snakes in possession of Lloyd's bungalow and went over to their father's ranch, where they spent the rest of the night in peace.

### FRENCH GUN ON RAILS

One of the huge guns of the French artillery, mounted on a carriage specially constructed for transportation by rail, is seen here being discharged. This gun is trained on some German trenches about two miles away.

### Well-Trained Hen.

Canton, N. J.—To save herself a walk to the barn, Mrs. Ray S. Turner has taught one of her hens to fly into the kitchen and lay an egg there.

### TO BE GREAT GAME REFUGE

Minnesota Commission Creates Immenes Preserve for Birds and Small Animals Around Lake Minnetonka.

Minneapolis, Minn.—A game refuge containing 55,040 acres in the Lake Minnetonka district has been created by the Minnesota game and fish commission at the request of the Minnesota Game and Fish Protective league and lake residents.

The new preserve, which is intended to be a refuge and breeding ground for all birds and small animals, includes the area of Lake Minnetonka, the shore lands extending in some cases as far as one and one-half miles from the lake, and 18 sections of land in the northern part of Carver county. Eighty-six sections in all will be protected hereafter.

The land includes the heaviest wooded districts of Hennepin and Carver counties. The narrowest protected strip on the lake will be around Stubbs bay, where hunters will be kept half a mile from the shore.

The new preserve, believed to be the largest in any well-settled community in the country, will keep a plentiful supply of small game for the territory adjacent to Minneapolis. The order prohibiting shooting will go into effect at once and a special warden will be assigned to the new preserve.

### HELPS RED CROSS

Madame Emma Calve, the famous grand opera singer, is devoting a good deal of her time to relieve the sufferings of the men who are fighting to defend her native country. She gave a concert in New York recently for the benefit of the Lafayette fund and the French Red Cross.

### FAST REDUCES HER WEIGHT

Forty-five-Day Abstinence Helps Lady to Reduce Too Solid Flesh Some, Anyway.

Stockton, Cal.—Thoroughly convinced that overeating is one of the potent causes of obesity, Mrs. A. H. Barnes, a well-known resident of this city, has just completed a 45-day fast. "I have been in poor health for some time," said Mrs. Barnes, "and I undertook to get rid of my adipose tissue. My weight for the last ten years has been 220 pounds. I never varied. At the end of the fast I weighed 186 pounds. My height is five feet two inches and my age is fifty-seven years."

During the entire 45 days, Mrs. Barnes says, she took no food whatever, and soon grew accustomed to doing without it. She broke the fast by eating an orange.

### ICE GRIPPED WOUNDED DEER

Buck Found Frozen Stiff in Stream Where He Had Gone for Water.

Williamsport, Pa.—One of the largest deer seen in the Pine creek region this year was found frozen stiff in the ice near the head of Little Pine creek by George Conner, a trapper, on state forestry lands.

Conner notified State Forester H. C. Evans at Waterville, who in turn notified the state game commission, which ruled that the buck was the property of the finder. Men then were summoned, and they cut the dead animal from the ice. Its meat was finely preserved.

It had been wounded in the hind leg by a stray bullet and had crawled to the stream for water, and, becoming exhausted, was unable to escape from the water that hardened into ice.

### SLIPPERS FOR HIS BURIAL

Arizona Banker Leaves Most Particular Instructions Regarding His Funeral.

Los Angeles, Cal.—In case he was murdered \$5,000 was to be taken from his estate to aid in hunting his slayers. This was the provision E. F. Kellner, Arizona banker and pioneer, made in his will.

In giving minute directions as to the method of his burial, Kellner directed that a coffin be secured of copper from Globe, Ariz., where he resided many years; that he be dressed in a gray suit and comfortable slippers and covered with a quilt without decoration.

### MINNESOTA MAN'S VIEWS ON FOOD COSTS AND VALUES

Editor Daily News:

On the problem of the high cost of  
living there are many things to note.  
We waste.

We tickle the palates at the cost  
of money and health.

A can of corn costing 15 cents has  
no more food value than two cents  
worth of corn meal; and the same is  
true of many of our foods. Meat  
costs five times as much as vegetable  
foods, and people using no meats are  
more healthy and can do more work  
of mind and body than can meat  
users.

Water is more healthful than tea  
or coffee.

You don't like the plain, whole-  
some foods? Wait until you do.  
Scientists tell us we eat too much.  
Hunger will make most anything  
taste good.

For a spread on bread the cow  
product is very universally used.  
This is made in two ways, but either  
way it is from the same source. The  
milk oil is separated from the milk  
by churning and is called butter. The  
other way is to use the suet of the  
beef and churn it with the highest  
grade of Jersey cream, to give it the  
butter flavor. Butter made in this  
way is equally wholesome and clean  
as that made directly from milk. The  
factories employing hundreds are un-  
der government control, using car-  
loads of cream, and in the high grades  
cannot be told from the milk-only  
product. The cost is about 50 per  
cent less than the only-milk product.  
It is nearly as white as the ordinary  
milk butter, and to suit style has to  
be colored, as does the milk product.  
The dairy interests forced a law  
through congress taxing beef-fat but-  
ter ten cents a pound when colored  
with the same coloring matter the  
dairies use. This is unjust. This  
butter is called margarine, and is  
recommended by such food experts  
as Dr. Harvey W. Wiley, Professor  
Morton, Professor Switzer and many  
others, all of them being food  
authorities and chemists.

With 25,000 idle men in the city of  
Minneapolis, one of the most pros-  
perous cities in the country, is he  
hooves us to stop and think.

MINNESOTA.

### LEG SHOT OFF, PILOT STAYED ON THE JOB

CAIRO, Egypt, March 9.—An extra-  
ordinary instance of pluck, which re-  
serves a place among the most heroic  
deeds of the war, occurred during the  
battle of the canal.

The second 6-inch high explosive  
shell which struck H. M. S. Hardinge  
exploded within a few feet of Canal  
Pilot Carew, who was directing the  
navigation of the boat from the bridge.  
It took off his left leg above the knee  
and seriously injured his left arm.

"Bring me a chair and I'll get on  
with the job. You don't suppose a  
thing like that would stop me, do  
you?" said Carew, with a grim smile,  
as they lifted him from the deck.

While the ship's surgeon dressed  
the stump of Carew's leg and band-  
aged the lacerated arm, the pilot con-  
tinued calmly to direct the boat's  
course, even insisting at one point on  
turning the wheel with the still useful  
arm.

Then he fainted and was carried be-  
low.

Carew is 40 years of age, and the  
fact that he has suffered for some  
time from a weak heart makes the  
case all the more remarkable. He is  
now doing well in a hospital at Is-  
malia.

Here is another incident which il-  
lustrates the sangfroid of everyone  
concerned in the engagement. The  
7 a. m. train from Cairo to Port Said,  
on February 3rd ran quite close to  
the thick of the battle.

Approaching a British battery in  
operation, the officer in charge of the  
train sent a polite request to the bat-  
tery commander to cease fire for a  
few minutes, so as not to draw the  
enemy's fire on the train while it  
went past.

This was done and the 7 a. m. went  
on safely to Port Said.

## WINNERS IN CLARENDON PUTTING CONTEST

The clock golf putting contest held at Hotel Clarendon yesterday  
morning was witnessed by a gallery of fully 200 people and proved one  
of the most interesting affairs of its kind held there this season. There  
were 15 entries, eight ladies and seven gentlemen, all of whom played  
with the exception of Mrs. H. H. Johnston.Ladies first prize, a putting stick, was won by Mrs. Durston; ladies'  
second, went to Miss Durston; gentlemen's first prize, also a putting  
stick, was captured by H. R. Lyon; gentlemen's second, was won by Paul  
L. McKeel. As the score below will show, there were four ladies tied for  
second place, but resulted in Miss Durston finally winning out:

BE BRILLIANT AFFAIREvery effort is being put forth this  
year by the management of Hotel  
Clarendon to make St. Patrick's ball  
exceed all previous anniversaries.  
This popular hostelry has an enviable  
reputation along the East Coast of  
Florida for giving some of the most  
brilliant social affairs in the south-  
land, and the present season thus far,  
at least, has proven no exception to  
the rule. Hundreds of tourists, as well  
as scores of permanent folk, look for-  
ward to March 17th with much antici-pation every year, and the manage-  
ment of the big seaside resort never  
fails to fulfill its trust along this line.TOLEDO MAN MAY BRING  
FAMILY HERE WINTERSH. L. Hinde, of Toledo, Ohio, who is  
a guest at the Clarendon for an in-  
definite stay, is general manager of  
the Toledo Tool Co., a concern em-  
ploying close to 1,000 men. This is  
Mr. Hinde's first visit to Seabreeze  
and Daytona, but he has assured his  
friends here that it will not be his last.  
His present intentions are to bring his  
family down next season and make  
Daytona his future winter home.BELL BOYS WILL HOLD  
FIELD DAY ON MARCH 17The Clarendon bell boys are plan-  
ning to give an excellent program of  
field sports on the beach in front of  
the hotel on St. Patrick's day, March  
17th. Last year hundreds of tourists  
from all over this section attended the  
event and enjoyed it immensely. As  
usual, the program will include foot  
races, greasy pole, egg race, obstacle  
race, shoe race, pie-eating contest,  
slippery dobbins and flour diving con-  
test. All are cordially invited to at-  
tend, and a suggestion to bring along  
kodaks is made by the committee in  
charge of arrangements.One of the most graceful dancers  
seen at the Clarendon this season is  
Miss Stella Griffin, of Chicago. More  
particularly was it noticeable last  
night when she danced the last hesita-  
tion.

\$4.25 Per AcreThis property lies seven miles west of New Smyrna, on the Orange City branch of the Florida East  
Coast Railway, which cuts through one corner of it, and parallels it for three and a half miles.The County road from New Smyrna to DeLand splits it through the center for four miles, same is  
being hard surfaced now.About two thousand acres is prairie land, balance cut over pine, and no better trucking or fruit land  
can be found in Florida.

The drainage is perfect as it lies 22 1-2 feet above tide water. which hits it on the north.

The lands in the adjoining section have sold from \$25.00 to \$50.00 per acre, and prosper-

## CUNNINGHAM-GROVE DESPLAND CHAMPS

TOOK WINNING GAME OF MEN'S  
DOUBLES IN TENNIS TOURNA-  
MENT--DETAILS OF TUESDAY-  
WEDNESDAY SETS.

Three matches in the Despland ten-  
nis tournament were played Tuesday  
afternoon, two of the ladies' singles  
matches and one of the men's doubles  
being decided. In the first match of  
the ladies' singles division, Miss Dean  
met and defeated Mrs. Waite by  
scores of 7-5 and 6-3. Both sets were  
closely contested, several games go-  
ing to duce before Miss Dean could  
win.

The second of the ladies' singles  
matches was between Miss Darling  
and Miss Nelson, the former having  
little difficulty in winning from her  
opponent. Miss Darling took both  
sets and with them the match, 6-0,  
6-0.

In the concluding match of the after-  
noon, Parks and Potvin won from  
Donnelly and Dougal, 3-6, 6-3, and 6-2.  
The article of tennis put up by both  
teams was exceedingly good at times,  
the teams being very evenly matched.

In the first match Wednesday morn-  
ing, Davenport and Fisher elimi-  
nated Howe and Davis, winning two sets  
out of three, by scores of 4-6, 6-1 and  
6-3. The winners met Cunningham  
and Green in the afternoon at three  
o'clock, in the finals of the men's  
doubles.

In the second contest of the morn-  
ing, Cunningham and Green had lit-

tle trouble in winning from Parks and  
Potvin, 6-3 and 6-1. They met Daven-  
port and Fisher in the finals yester-  
day afternoon.

Miss Darling met Miss Evans and  
defeated her 6-2 and 6-0. Miss Dar-  
ling seem to be the most probable  
winner of the ladies' singles cup,  
having three love sets to her credit  
in two matches played this far.

The last match of the morning  
brought together Parks and Potvin,  
Potvin winning the opening set 6-3,  
and Parks taking the next two 6-1  
and 6-3.

The final round of the men's  
doubles division of the Despland ten-  
nis tournament was played yester-  
day afternoon, Cunningham and Green  
defeating Davenport and Fisher in  
straight sets, by scores of 6-2, 6-2 and  
6-3. The day was ideal from the  
players' standpoint, and was warm  
enough to be comfortable for the  
spectators, so that the largest gallery  
of the tournament watched and ap-  
plauded the match.

Although the Davenport-Fisher com-  
bination displayed some fast tennis,  
they were clearly no match for their  
opponents, and were at all times on  
the defensive. The smashes of Green  
and Cunningham were entirely too  
much for the opposing pair, and while  
the defensive play of Davenport and  
Fisher at times bordered on the sen-  
sational, they never had a chance at  
winning the match. Long and ex-  
citing rallies were frequent and added  
greatly to the interest in the play.

In the first set Fisher took both of  
his services, giving them their total  
number of games for the set. In the  
second Davenport and Fisher each  
took a game on service, giving the  
same scores as the first set. They

rallied briefly in the last set, and  
led at two games to one, but were  
unable to take another one until with  
the score 5 and 2 against them, they  
made a despairing effort and took  
the eighth game. However, Green  
and Cunningham came back strong  
and took the next game and with it  
the championship. Scores of sets:  
6-2, 6-2 and 6-3.

### WEDNESDAY AFTERNOON TEA AT THE PALMETTO CLUB

Mrs. Alvire Milligan, Miss Lillian Thompson and Miss May Jolley were the hostesses at a very pleasant afternoon tea, on Wednesday. The Palmetto club house was the scene of this entertainment, and was very beautifully decorated with bamboo and other greenery, and a great profusion of flowers, many of which were sent by friends of the hostesses.

In the receiving line with the hostesses were Mrs. Dalton and Miss Dalton, of Newport, K. Y.

During the afternoon the daintily appointed tea-table was presided over by Mrs. Rolland E. Stevens, Mrs. S. C. Archibald, Mrs. N. C. Sears, Mrs. L. H. Thompson and Miss Elizabeth Congdon. Assisting in serving was a bevy of pretty young girls, Miss Ella Williams, Miss Ruth Randall, Miss Marian Gabeler, Miss Edith Temple, Miss Dorothy Martyn, Miss Cunningham, the Misses Dora and Norma Williams and Miss Arlene Crenshaw.

Music was furnished throughout the afternoon by the Despland orchestra, stationed upon the stage behind an artistic screen of bamboo and

flowers. About two hundred ladies called during the afternoon.

The hostesses were further assisted in entertaining their guests by the following ladies: Mrs. Charles E. Gardiner, Mrs. Roxby, Mrs. John Milligan, Mrs. Jolley, Miss Harry, Mrs. Wheeler and Miss Newell.

### OHIO LADY AND DELAND PROFESSIONAL MAN WED

In the pretty front parlor of the Cleveland hotel, Wednesday morning, one of the charming lady guests from Canton, Ohio, Mrs. Clara M. McKinney, and Dr. Charles W. Marvin, of DeLand, were united in marriage by the pastor of the First Presbyterian church of the groom's home, Mr. Mr. Lampkin. The ceremony was witnessed by only a small number of relatives and friends of the contracting parties.

Directly after the wedding, Dr. Marvin and Mrs. Marvin left for the West Coast of Florida, to spend a honeymoon, visiting Tampa and other places in that locality. They will return later to DeLand, where they have their place of residence.

The bride came to Daytona two weeks ago, accompanied by her mother, and both expected to spend the winter here. The wedding was not at all expected by the numerous friends and relatives, who had no intimation that the event was about to occur. Dr. Marvin originally lived in Canton, and he had known Mrs. McKinney for several years.

**NEWS OF THE HOTELS**

The Despland had its usual mid-week dance, last evening, and as is generally the case with entertainments at the Despland, it was largely attended and thoroughly enjoyed.

The Wednesday evening hop at the Ridgewood was largely attended, and was thoroughly enjoyed by the many guests of the big hotel. The Ridgewood's hops have become famous in this city.

The daily rope contests at the Morgan attract considerable attention from passersby, as the grounds closely adjoin Palmetto avenue. During the course of a match, many spectators often pause to applaud a good shot, though the presence of onlookers often goes unnoticed by the participants.

Mr. and Mrs. Davenport, who have been at the Despland for some time, left this morning on their return to Minneapolis. Mr. Davenport has been greatly interested in the tennis tournament at the Despland, and he and his partner, F. Fisher, were runners-up in the men's doubles division which was decided yesterday.

Ex-Congressman H. O. Young and party arrived from the south, yesterday, and are stopping at the Ridge-

wood hotel. Mr. Young formerly represented the Ishpeming, Mich., district at Washington, and has for years been influential in the political world of Michigan. At present Mr. Young is enjoying his vacation, and is accompanied by Mrs. Young, Judge and Mrs. R. P. Goodwin, of Washington, D. C., and Judge McKinay, of Ogle, Ill. Both of the Justices have been prominent in politics of their respective states, and are enjoying a brief respite from the cares of office. Mr. Young and party will remain at the Ridgewood for a couple of weeks or so.

\*Piano recital at First M. E. church by Mrs. C. A. Randall, interspersed with vocal, violin and readings, Thursday, March 11, at 8 p. m. 25 cents 179-3t

Col. E. P. Woodbury, manager of the Ridgewood, is the authority for the statement, that last evening witnessed the largest house count of the season at the hotel. Col. Woodbury added that the January and February business of the house was the largest in its history, and was confident that the volume of business for the year would eclipse all records. In conclusion, the colonel stated that the hotel was so crowded that numbers of its patrons must need take rooms at nearby cottages until departures would make room for them at the Ridgewood.

"George," she asked, as they rounded the bend, "is your watch correct?" "Yes," replied George, with a merry laugh. "It is keeping better time since I put your picture inside the case." "Oh, you flatterer! How could that be?" "Well, you see, when I placed your picture inside the case I added another jewel!"

**Workman's Asset.**

A workman owes it to himself and his family to take care of himself. His labor is his only asset in business. When injured, he is for the time being a bankrupt. If killed his family may be left destitute and his children deprived of an education and forced to seek employment before their maturity. This philosophy is found in a bulletin of the Chicago bureau of safety.

Long Enough Already.  
A rather busy man traveling from New York to Philadelphia had been annoyed by his opposite companion, a tall, lanky fellow whose knees troubled him not a little. He was a stop of several minutes in the car and the tall traveler rose in his seat, and said with a yawn: "I'll get out and stretch my legs a bit." "Good gracious!" exclaimed the other, "don't do that unless you are prepared to pay double for a compartment all to yourself."

Various Seats of Memory.  
The seriously doubted, from recent researches, that the memory lies in any particular tissue such as the brain, the ganglion cells or the nerves. It has been proved experimentally by a host of laboratory scientists that any kind of human tissue, be it skin, muscles, stomach, kidney or any part of the fabric of life, is able to repeat an impression once received.—Dr. Leonard Hirschberg.

### MR. SERL'S LECTURE AT THE M. E. CHURCH

The seventh number of the Bible class entertainment course, and one of the best in the course, took place at the Daytona Beach M. E. church last night.

Madam Hazel Spurrer Swihart, soloist, of Cleveland, O., opened the program with a group of songs, and held the large audience enraptured for nearly an hour, as she responded to enthusiastic and insistent encore. Madam Swihart has a wonderful voice in both compass and sweetness, and held the high notes with the ease of a bird as he soars and sings to the sky. St. Mary's Episcopal church, Daytona, has had the good fortune to secure her services as soloist at this church this season.

The speaker of the evening, Rev. Elmer Willis Serl, gave his celebrated lecture, "Born an Original, Died a Copy." Mr. Serl was introduced in a most cordial and complimentary way by the pastor in charge of the Methodist church, Rev. John Treadwell, who delights to say good things about people. Mr. Treadwell referred to the fact that Mr. Serl is editor and author as well as preacher, of considerable reputation.

The lecturer was witty, caustic and serious by turns as he laid bare the inertia and laziness which degenerated an original into a copyist, a person who pumps with sheep-like precision as he follows blind leaders through "the calf paths of the mind." "Be an individualist, be yourself, whether your talents be great or small. Individuality, democracy and idealism make for the highest type of man or woman, the ones that do most for the uplift of humanity as they pass this way." At the close of the lecture many waited to thank the speaker for the pleasure he had given them.

The next and last number of the entertainment course will take place Thursday, March 25th, at the Nautilus casino. There will be an extra good program, which will be followed by a banquet.

Those rooms should be rented; that furnished house let. Try a want ad in this department.

### ORMOND

ORMOND, March 10.—The Florida Flying Squadron visited Ormond the first of last week, holding services at the Union church, the services being well attended. From here the Squadron went to New Smyrna to hold similar meetings. George R. Waldron, a former pastor of the Union church here, was in Ormond on Tuesday in connection with the Flying Squadron work.

Isaac H. Sawyer, having returned from a successful business trip in Chicago and the west, will spend a short time with Mrs. Sawyer before their return to New York and the east.

Mrs. John A. Reilly was hostess at a skap whist given at the library rooms on Thursday evening of last week. There were 12 tables and a pleasant time was spent socially. Messrs. Carleton and Wardell will have charge of the next whist, which will be given on Friday evening, the 12th.

The annual Ormond street fair, under the auspices of the Village Improvement association, was held on Tuesday, beginning at 11 o'clock and continuing throughout the day until the last vaudeville performance given in the evening. As heretofore, Palmetto street was closed to public traffic from New Britain avenue to Lincoln avenue. The entrance to the grounds was arched over with bamboo, palmetto and magnolia branches, the green of these blending beautifully with the large flags used in the decorations.

The grounds and especially the parkage on the river front presented a fairy-like scene, each shrub and tree aglow with bright Japanese paper flowers, and each booth lending itself to the attractiveness of the scene with its own individual decorations. The street and ground decorations were in charge of Mrs. James P. Vining.

The lawn and residence of James Carnell, where jellies, marmalades, fruits and vegetables were displayed and sold, presented one of the most attractive scenes on the grounds. The palmettoes were hung with great branches of oranges and all small shrubs decorated with paper flowers, the entire scheme being of yellow and golden orange. The fruits and jellies were presided over by Mrs. Carnell and Mrs. Daub. These decorations were also in charge of Mrs. Vining.

The utility booth, chairman of which was Mrs. Eliza Graves; the "Old Settlers' kitchen, at the head of which was Miss Alice McNary, and where salads, cakes, pies and other delicacies were sold; the flower stands in charge of Mrs. Ellen Borden; the candy booth and punch table, with Mrs. F. C. Blair, chairman; ice cream booth in charge of Mrs. William Shafer; and the tea-room lunch booth, where a substantial and delicious luncheon was served from 11:00 until six in the evening, were all most attractive and had their full quota of useful, dainty, lovely and palatable wares to offer, and were liberally patronized by the throng of about 600 people. Mrs. E. A. Flemming and Mrs. Stanley Carnell conducted the fortune teller's tent and assumed the

characters of gypsies, both in costume and make-up, to perfection.

There were also several side issues. A popcorn booth built in the open and conducted by Messrs. Carleton and McNary attracted much attention; also the "Dodger's" gallery and a bean guessing contest. Artist Wilcox, of Daytona, had very generously donated one of his beautiful water-colors, which was raffled off. Miss Anna Owens, of Hotel Ormond, had charge of the pretty little team of ponies and cart which pleased the children immensely at five cents a trip around about town.

The baby parade, as usual, formed one of the chief attractions; the babies in their flower bedecked carriages, wheeled by small girls in pretty as well as fancy costumes, followed by a bridal procession, was most charming and effective.

The vaudeville, under the able management of Mrs. J. D. Price, gave three performances to crowded houses. There was enjoyable solo work from Miss Berry, also from two young men from Hotel Ormond, and a beautiful contralto number from a soloist of Hotel Ormond, and a beautiful contralto number from a soloist of Hotel Clarendon; several mirth-producing numbers in pantomime from local talent; a fancy dance by Miss Ernst, from Hotel Ormond, was beautifully and artistically executed. Among the most enjoyable numbers were those given by Bert Darby in his song and impersonation of a lady, and the maxixe dance given by his little daughter, Jeannette, and little Miss May Bramell, the latter in costume and taking the part of a gentleman; also the song and dance given by dainty Miss Jeannette, which was as artistic and charming as possible. Other numbers were specially good, and the vaudeville was one of the best ever produced in Ormond.

Mrs. George H. Sage was chairman of the executive committee, and Gail Borden had charge of much of the detail work. The whole affair reflected much credit on all heads of the different committees, as well as on all those contributing help and work.

The annual meeting of the Village Improvement association was held on Friday, March 5th, at the library rooms, the president, Mrs. Macon Thornton, in the chair. Most favorable reports from the president and chairmen of the various standing committees were read, all giving evidence of a great deal of growth and progress along the line of the different departments' work. The nominating committee, consisting of Mrs. D. W. Lewis, chairman, Mrs. Ada C. Hinkley and Miss Margaret Howe, then presented the following names for officers for the ensuing year: Miss Emma Weatherbee, president; first vice president, Mrs. J. D. Price; second vice president, Mrs. John A. Reilly; recording secretary, Miss Eugenia Reilly; corresponding secretary, Mrs. Mildred Watson McCurry; treasurer, Mrs. John G. Daub; auditor, Miss Ella Foulke. These were all unanimously elected. It was with sincere regret that the club saw its president, Mrs. Thornton, who had served so efficiently, faithfully and tactfully, these past

four years, leave the chair; but it feels that in the newly elected president, Miss Weatherbee, who brings to the association a trained mind, sincerity of purpose, and enthusiastic interest in club life and the affiliated club work, the growth evidenced in these years will continue, and advancement will still be made along the line of every interest pertaining to the civic progress and betterment of the town. A rising vote of thanks and appreciation was also given to Mrs. Udra Watson and to Mrs. D. W. Waldron, who have both served the club with much efficiency for several years, and who now retire from office.

On Friday evening the junior high school held a dance at the town hall under the auspices of the faculty. The party was well attended and a thoroughly enjoyable evening spent.

Mr. and Mrs. Frank L. Blair entertained at dinner at their home on Palmetto street, Friday evening, Mr. and Mrs. John A. Reilly and Miss Reilly.

Mr. and Mrs. George H. Hollister, of Lake Alfred, Fla., were in town on Wednesday and Thursday of last week, the guests of Mr. and Mrs. John Milligan. Mr. Hollister reports Lake Alfred as building up a flourishing community.

Of special interest at the annual meeting of the V. I. A. on Friday was the report of the chairman of the civics committee, Mrs. George H. Sage, who called particular attention to the spirit of co-operation which exists between the town authorities, the Ormond board of trade and the Village Improvement association along many lines of civic work. This is as it should be, and many good things are hoped for.

Mrs. Ellen Borden, chairman of the building committee, reported nearly \$6,000.00 raised toward the Memorial Library building fund, and it is now confidently expected that the contract will soon be let and work started before many weeks. The annual street fair will add a considerable sum to the \$6,000.00 already on hand.

### Consoling Philosophy.

Perhaps if one were browsing around, amusing himself trying to hit upon the most consoling bit of philosophy ever written, this of Socrates would be easy to surpass. ### Languages of the World.

Strange as it may seem, there are more than four thousand languages spoken by mankind, while the number of dialects exceeds this. There are more than sixty vocabularies in Brazil and in Mexico the Nahuatl is broken up into some seven hundred dialects. There are hundreds in Borneo, while in Australia there is no classifying the complexities. Assuming that 50 dialects on the average belong to each language, we have the colossal total of 250,000 linguistic varieties.

Price, the contractor, has the frame  
up for the second McCrorey bunga-  
low on Ridgewood avenue, and Kath-  
erine street.

Cris Supee has the rock on his lot  
on Ridgewood avenue ready to build  
what will be one of the finest houses  
yet built here.

Two dances are planned for this  
week at the club house, the one on  
Wednesday night will be part old fas-  
hioned dances to give the old folks a  
chance and a large time is expected.

The Sunday evening services at the  
club house was well attended, several  
parties coming down from Port  
Orange. The singing was fine and  
Rev. Oates gave a splendid talk on  
"Silent Building."

J. W. Rusk, of the Allandale hen-  
nery, is now having splendid luck with  
his chickens. Several parties came  
down from Daytona to buy eggs for  
hatching and for the table. His loca-  
tion proves a fine place for chicken  
raising, as it is high and dry and the  
birds thrive, with care.

The orange trees along the ridge  
on the west side of Ridgewood avenue  
are in splendid condition and full of  
bloom. The parties who bought lots  
along there surely received their money's  
worth in orange trees, if nothing  
else. But the building up will im-  
prove the values.

ities and habits which are healthful in  
the highest degree.—Exchange.

### OMOHUNDRO'S TRIBUTE TO DAYTONA'S BEAUTY

The following is an extract from an article by Erwin Omohundro, published in the Methodist Advocate Journal of February 18, 1915:

"Daytona has been called 'the prettiest winter resort in the world.' To any other claimant to this title Daytona would be a formidable rival. Daytona is exquisitely beautiful. It is one of the most popular of the East Coast resorts and it is visited annually by many thousands of tourists. It was told that 50,000 tourists visited the place last year. Daytona is in a cluster of resorts. Nearby are Daytona Beach, Seabreeze, Holly Hill, Blake and Kingston. These, together, have a permanent population of about 10,000 people.

"Arriving in the city I was impressed at once with its wonderful beauty and charm. I had read somewhere that Daytona was like one vast park of graceful, moss-draped trees, verdant lawns, and lovely flowers in which beautiful homes seemed as if incidental to the landscape, and this sketch, I found, was not exaggerated. The streets are wide with spacious grass plots between sidewalks and driveways, long vistas of oaks and palms over-arching the streets give them exquisite grace. Many very handsome homes appear amid gardens whose beauty simply thrills the lover of nature. All is one exceedingly fair picture—the trees, the gardens, the residences, the more than fifty hotels, the splendid churches and public buildings, the miles upon miles of shelled streets and cement sidewalks, the fine river front and the fair Halifax river spreading almost a mile wide before the city—all is beautiful.

"The ocean beach here is one of the most famous in the world. It is in length about twenty miles. Here is the most wonderful automobile speedway in the world. The world's record

for speed was made here. The speedway is a stretch of beach 300 feet wide at low tide level, smooth, almost as hard as asphalt twenty miles long without turn, break, or obstruction. This wonder of nature is described by the Daytona Gazette-News as follows: "The sand of this famous speedway is composed largely of shells of the coquina clam, or Donox, peculiar to this part of Florida. The very moment a wave leaves a wet, apparently soft beach the round particles settle down into a cement as hard as asphalt, beyond the comprehension of one who has not seen it. This beach can be used before high tide, thus giving an average of seven to eight hours for motoring some part of each day."

### HUMANE SOCIETY'S PARADE POSTPONED

The Humane society's annual parade, which was to have been held next Tuesday, has been postponed until some time in April, for the reason that all the details could not be arranged in time for the event to occur on the date first announced.

Sixty-five dollars, which represents the aggregate value of the several prizes offered, has been raised by the society. Secretary Deacon states that it has been decided that there must be at least ten entries in each of the two classes of competitors for prizes; otherwise, some other arrangement may be made. Further information relating to the parade and distribution of prizes may be obtained by applying to the secretary.

SPRINGS FOR DAYS' PICNIC.

Mrs. W. F. Scramlin and Mrs. N. J. Wilson, both winter residents of Cypress street, are suffering from shoulder dislocations as the result of an automobile accident Wednesday morning on the DeLeon road between this city and Mount Ararat.

Mr. and Mrs. Wilson and Dr. C. H. Gabler, another winter resident of Cypress street, were accompanying Mr. and Mrs. Scramlin in their car to DeLeon Springs, where they intended to spend the middle of the day and eat a picnic dinner, which they were taking with them.

On the stretch of road approaching Mount Ararat, Mrs. Scramlin attempted to change the position of one of the baskets on the floor of the car and Mr. Scramlin, in trying to assist her, momentarily lost control of the car which was precipitated into the ditch alongside the roadway.

The occupants were thrown out and both Mrs. Scramlin and Mrs. Wilson struck upon their right shoulders, causing a dislocation in both cases. None of the gentlemen were injured. The party were brought back to
